

# Ice Cream Contest

## A FAMILY DISCIPLESHIP ACTIVITY

What do you need:

A variety of ice creams and spoons

Hold an ice cream tasting contest. Place the different flavours of ice cream on your table and invite family members to compare them and pick their top two choices.

(This can be done with any kinds of food - pudding, cookies, fruit, etc.)

Talk about it:

Which flavour is the best? Why?

What would have made the second choice better?

It's okay to disagree about which ice cream is better. It's also okay to disagree about other things, but God's Word instructs us to get along with each other. This means we help others, serve them, care for them, and show them love, even when we disagree.

The Bible is full of examples of Jesus showing us how to do all of those things. Let's follow His example!

Talk with your family about who we have trouble getting along with sometimes. Pray together, asking God for help in those areas.
